

Hockmeyer Equipment has an immediate need for an experienced qualified **Machinist** to join our team in Elizabeth City, NC!

The Machinists will be responsible for creating machine parts and tools using precision computer and manual equipment.

Responsibilities:

- Operate and maintain lathes, drill press, and milling equipment.
- Ability to read drawings and use layout techniques to produce machined parts to fit and assemble into complete units.
- Will set up, adjust, and maintain conventional and computer numerical control (CNC) machines to fabricate metallic and nonmetallic parts.
- Accurately measure dimensions reference points on material or workpiece as guides for subsequent machining.

Qualifications and skills:

- 3 - 5 years of Machinist experience in a manufacturing environment preferred.
- Possess problem-solving and mechanical skills, have good eye-hand coordination, strong math skills, and the ability to stand for long periods of time.
- Detail-oriented individual who can work with little supervision.
- Must be able to operate manual and CNC equipment. CNC equipment will need operators who understand CAD technology. Experience on the Mazak & HAAS a plus.
- Must have basic tools such as micrometers, dial calipers, and dial indicators.
- Required to safely operate all machinery and equipment and can lift to 50 lbs.
- Work hours: M – F 6:00 a.m. – 2:15 p.m. plus OT

Successful completion of Machinist program preferred.

If you have a great work ethic, take pride in your work, and are looking for more than just a job. Forward your resume to: humanresources@hockmeyer.com for a career opportunity with our company. We would like to speak to you!

“We don’t sell machines; we sell services and solutions.”
